32nd IEEE International Conference on
Electronics, Circuits and Systems

MARRAKECH, MOROCCO | NOVEMBER 17-19, 2025

CALL FOR SPECIAL SESSION PROPOSALS

PAPER GUIDELINES

The submitted papers must be in a standard IEEE double-column format not exceeding 4 pages including references. Accepted papers will be submitted for inclusion to IEEE Xplore. More details about the submission procedure can be found on the conference website.

IMPORTANT DATES

April 21, 2025

Special Sessions Proposal Deadline

May 5, 2025

Notification of SS Acceptance

June 9, 2025

Paper Submission Deadline

July 14, 2025

Tutorials Proposal Deadline

July 28, 2025

Notification of Paper Acceptance

September 1, 2025

Notification of Tutorial Acceptance

September 22, 2025

Final Paper Submission Deadline

October 6, 2025

Early Registration Deadline

CONTACTS

**Questions can be addressed to the
Special Sessions Co-Chairs:**

Norbert Herencsar, BUT Czechia
(herencsn@ieee.org)

Benoit Gosselin, LU Canada
(benoit.gosselin@gel.ulaval.ca)

Farshad Moradi, AT Denmark
(moradi@ece.au.dk)

The Organizing Committee of the IEEE CASS Regional 8 Flagship Conference ICECS 2025 invites proposals for Special Sessions to be held during the conference in Marrakech, Morocco. Special sessions complement the regular technical program by highlighting new and emerging research topics or innovative applications of established approaches. The topic of a special session proposal should be timely and compelling. While we welcome special sessions in all areas of Circuits and Systems, we are particularly interested in focused research topics, especially those that are interdisciplinary and of a multidisciplinary nature.

Proposal submission

Please submit proposals (minimum of 2 pages) in PDF and MS Word formats. Proposals should include the following information:

- **Title and abstract:** Propose a title and a brief abstract of no more than 250 words that will allow the conference attendees to understand the topic and the focus of the special session
- **Organizers' name, affiliation, and biographies:** Provide contact information and a short bio in no more than 250 words of the session proposers
- **Organizers' motivation:** Please explain in no more than 250 words why the special session topic is novel and timely and why it is relevant to the CASS community
- **List of invited papers, including the author affiliation and tentative title:** Provide a list of invited papers, speakers, and co-authors (for each associated paper). Special sessions consist of five papers, but in exceptional cases, a minimum of four and a maximum of six papers will also be acceptable.

Review process

An important aspect in evaluating special session proposals will be the topic's timeliness, quality/track record of the proposers and speakers, coherence of the session, and expected value added to the overall technical program. The participation of speakers from industry in a special session proposal is encouraged and will be positively evaluated when the proposal is assessed.

- The special session papers will undergo the same peer review process as the regular papers
- The special session proposals acceptance notification, to be made based on session description and paper abstracts, will be sent by 5 May 2025, which will leave the authors about one month to finalize their full papers
- The deadline for invited papers submission is the same as for regular papers, i.e., 9 June 2025
- The special session papers are regular 4-page submissions, and if accepted, they will be published in the conference proceedings and in IEEE Xplore
- Notifications for Special Session papers will be the same as for regular papers
